BJARNE JENSEN - CURRICULUM VITAE

PERSONAL LETTER

Bjarne is a highly skilled Project manager and a deep insight and understanding of complex IT systems and validation of such. Bjarne has several years experienced of leading teams and stakeholder management and find it naturally to take the lead in teams and set direction and reaching milestones in even complex projects, are one of his major achievements.

He has an outgoing personality and gets his energy, passion and motivation from taking responsibility and management of individuals and teams, in combination with challenge the existing to a new pattern. Besides his business career he combines his coaching and mental trainer experiences with both horses and high-performance sports people.

Bjarne has a high track record finding the best and most optimal solution, both for the process as well as for the economic aspects. He has his whole career been addicted to numbers and is a unique talent in IT, hereby PAS-X, SAP, MES and similar programs to manage complex projects and scope of deliverables.

Bjarne has a good sense into analytical work methods and in combination with a logical work behavior he strives to reach deadlines within time and quality. He has throughout his long career held several courses in various programs and systems. With Bjarne on your team, you get a high capacity who aims to have "the nose in the track" from initial phase to mission completed.
